

# AMATEUR RADIO

EDITED BY TIM WALKER, W1GIG, 19 WOODSIDE AVE., WESTPORT, CT 06880,  
W1GIG@ATT.NET, PLEASE INCLUDE SASE FOR REPLY.

*Tim Walker, W1GIG, the editor of this column, is recuperating from knee replacement surgery and has asked me to fill in for him. That isn't too tough a job because we are at the end of this year's ham radio event cycle.*

*Bruce Howes, W1UJR, who is the manager of both the Linc Cundall Memorial OT and the John Rollins Memorial OT DX contests has some information for you below. You'll find the results for the Cun-*

*dall that we weren't able to print in the April issue for lack of room (it was posted on our web site instead). There's also a report and results for the Rollins event.*

*Tim would like to encourage all AWA hams who can come to our Annual Convention in August to be sure and attend the "Review of Amateur Operations" forum. Most of the session will be devoted to an important discussion on contest participation and scheduling—MFE*

## Contest Outcomes

*By Bruce J. Howes, W1UJR, [brucehowes@mac.com](mailto:brucehowes@mac.com)*

### Results of the 2009 Linc Cundall Memorial OT Contest

*(See April, 2009 issue for written report)*

## Report and Results of the 2009 John Rollins Memorial OTDX Contest

The first year of the AWA John Rollins Memorial OT DX Contest got off to a bit of a slow start. We had only 10 stations who had turned in log sheets by the May 10th deadline. Fellows, we need to figure out how to make these contests hum again!

Many of the participants commented on the scarcity of AWA stations in the contest. A possible conflict with another CW event was also mentioned. I need your suggestions on what we can do to make this more exciting, more enjoyable and more interesting for you. Let's rally the troops, and put our collective heads together to figure this out.

Be sure to attend the "Amateur Hour" at the this year's fall AWA Conference in Rochester, where this will be a topic of conversation. In the meantime, please contact me or Tim, WIGIG, who is the overall coordinator of amateur radio activities for the AWA, and share your thoughts.

I want thank each and every one of you that did participate and send in a log! I enjoy reading your comments, personal notes, or operating anecdotes. Please keep them coming. The uncontested winner of this year's contest was Harold, KBOROB with an astounding 450 points and a two page, homebrewed log sheet! Way to go Harold, you really had that HT-37 singing for its supper!

Honorable mention goes out to WOLGU and WU2D, and the farthest contact goes to Sven SM4DIG with his across the pond contacts using another HT-37. The HT-37s sure did yeoman duty this go-around! I need to mention K1TG, our CW only man, for his entirely homebrewed station. Both receiver and transmitter were Roger's handiwork. We've got some very talented folks in the AWA, its both a privilege and pleasure to be your contest coordinator.

See you in Rochester!
