This index covers AWA publications from 2006 through mid-2020: issues of the *AWA Journal* from Vol. 47 No. 1 (January 2006) through Vol. 60 No. 3 (Summer 2020), and the *AWA Review*, Vols. 19 through 33.

References to *Journal* articles are in the form of volume-number-page (e.g., 54-4-41). Review citations are given as "R," with volume and page (e.g., R2-21).

Items cited in this index vary in size from a passing mention to a major feature. An item of a full page or more is shown with an asterisk. An @ sign indicates an article of three or more pages. A "+" denotes an article split among multiple issues.

ACTIVITIES - AWA - GENERAL

"The RJ-4 and the Wallace Mystery" monograph reactivated......49-4-13
ACTIVITIES - AWA - CUNDALL (later ROLLS) DX CONTEST
2006, announcement .................................47-1-30
2006, results ..........................................47-3-20
2007, announcement .................................48-1-20
2007, results ..........................................48-2-52
2008, announcement .................................49-2-48*
2008, results ..........................................49-2-47*
2009, announcement .................................50-2-43
2009, results ..........................................50-3-63
2010, announcement .................................51-2-26
2012 results ..........................................53-3-58
2012, announcement .................................52-4-6, 53-1-64
2013, announcement .................................54-1-55
2013, results ..........................................54-3-17
2014, announcement .................................54-4-12, 55-1-17
2014, results ..........................................55-2-15*, 55-3-20
2015, announcement ................................54-1-58*, 54-4-12
2015, results ..........................................56-1-17
2016, results ..........................................56-4-15
2017, announcement .................................57-1-42
2017, announcement .................................57-2-51
2017, results ..........................................57-4-52*, 58-2-7, 58-3-45
2017, "Made in Rochester" display (pic) ....58-2-6
2018, early results ..................................58-4-53
2019, announcement ................................59-1-47*, 59-2-41
2019, results ..........................................59-3-58*, 59-4-53*
2020, announcement .................................60-1-57*
2020, results ..........................................60-3-42*

ACTIVITIES - AWA - CAROLINAS CHAPTER
2005 activities, 2006 plans .........................47-1-8
2006 schedule ........................................48-1-10
Mid-2006 .............................................47-2-8, 47-3-12*
2007 plans ............................................48-1-10
2007 Charlotte Conference .........................48-2-11
Mid-2007 ............................................48-2-11, 48-3-14
Mid-2008 ............................................49-2-11
Late 2008 ............................................49-4-9
Early 2009 ...........................................50-1-10, 50-2-11, 51-2-9
2009 Charlotte Conference ..........................50-3-11@
Late 2009 ............................................50-4-10
Early 2010 ............................................55-1-10
Mid-2010 .............................................51-3-9, 51-4-9
Early 2011 ...........................................52-1-12
Mid-2011 .............................................52-2-12, 52-3-13
Mid-2012 .............................................53-2-9
Early 2013 ...........................................54-2-12
Late 2011 .............................................52-4-9*, 53-1-10*
Late 2012 .............................................53-4-12
Mid-2013 .............................................54-3-13
Late 2013 .............................................54-1-12
Mid-2014 .............................................55-3-14
Late 2014 .............................................55-1-9
2015 ..................................................56-1-10

ACTIVITIES - GENERAL NEWS AND EVENTS
American Radio Relay League
Centennial, telegraph activities at...55-4-58*
First national convention ........57-4-27@
Formation ..........................................57-3-27@
Second national convention ....58-1-27@
Founding of .................................57-2-25
"Early Television" convention ......48-3-54*
2008 ..................................................49-3-43*
2009 ..................................................50-3-47*
2010 ..................................................51-3-29*
2011 ..................................................52-3-57*
2013 ..................................................54-3-35*, 55-1-4
2017 ..................................................58-1-37*
IEEE Edison Medal, history ............R22-81@
IEEE Medal of Honor, origins .......R24-207@
Musee Quebecoise de la Radio .......52-1-7
Old Time Telegraphers' and Historical Asso....48-3-39@
Radio Club of America
Young Achiever's Award ............52-1-7
AWA honorees, 2016 ..................57-3-9
Radio XLI ...........................................51-2-24
San Francisco Radio Club, since 1909 R26-133@
Scientific Instrument Society .......53-3-4
ACTIVITIES - PUBLIC MUSEUMS
Early Television Museum, CRT rebuilding at ....55-4-27@
Internet-based museums..............50-4-54@ +
Museum of Broadcast Communications, Chicago ..........48-3-18@
Sarnoff Collection at College of New Jersey ..........55-3-58@
ACTIVITIES - WEB
Antennas ..........................................48-2-49*
AWA - site and email reflector ........47-3-4
AWA Gateway ....................................57-2-5
Boatanchors ......................................50-3-29*
Communications .........................50-1-4*
Foreign radios ..................................49-4-65
Grounds and grounding .................48-3-21*
Homebrew superheterodynes ..........47-2-17*
Homebrew transmitters .................48-1-41*
Homebrew TRF receivers ..............47-3-49*
Horns, loudspeakers, and headphones ...........................................47-1-52*
Microphones .................................51-1-54*
Military sets and mil surplus ........49-2-43
Parts sources ..................................49-3-35*
Radio history and equipment ........51-2-35*
Radio history and amateur gear ....50-2-32*
Radios, finding model by tube complement ...........................................50-2-16
Resources and references ..............47-4-55
Resources for books ....50-3-32@, 50-4-6
Resources for newspaper searches ........51-2-54@
Telephones & telegraphs ..........49-1-1*
Transistor history .........................50-2-17
TRF radios ......................................50-4-41*
Vintage stereo hi-fi .......................49-3-49*

HISTORIES - OPERATING COMPANIES
Clark Wireless T & T Co...................R22-1@
De Forest companies (10).............R29-191@
Inter-City Radiotelegraph Co........R20-158@
Marconi and telegraph cos..........48-4-42@
Russian imperial system........R31-1@
Western Union chronology........47-2-46@

HISTORIES - TECHNICAL DEVELOPMENT
100 years of electronic comm........R20-1@
2006 - centennial of electronics......47-4-54@
Air Radio, early......................53-2-52@
Air Radio, WW l......................R20-75@
Air Radio, '30s.......................R30-40@
AM dial - evolution................R28-1@
Antenna, first, and discovery of electro-
magnetic waves.................48-2-22@
Antenna, "Redskin" portable........56-3-12@
Diamagmas - aircraft, microwave, radio-
telescope......................48-3-22@
Audio processing, at VOA........R31-259@
Baird, Hollis, and TV dev........53.145 + 53.2.36a@
Bandwidth, early radios........59.1-37*, 59.4-39
Batteries, rechargeable, before Ni-Cds
Belin facsimile system................R31-66
Bias-Drake, Mallory..................49-1-41@
Browning-Drake tuner................R33-13@
Cabin - AM tuning, '20s evolution
CBS electronic video recorder........R31.141@
Cochrane, Oliver Lodge and......R28-163@,
R33-168
Cochrane, Popov......................R33-169@
Cochrane, Ducrettet...............R33-182@
Cochrane, Marconi....................R33-184@
Color TV, 70th anniversary........60-3-47@
Coils, universal, honeycomb, duolat-
eterial...............................54-4-54@
Color television......................R32-46, 52-58@
Cooley facsimile system..........R31-63
Crystal oscillator...................R32-16@
Cunningham, and patent litigation
with RCA...................R25-185@
Diathermy machines..................R30-215@
Disasters, electrical detection......R27-249@
Donle - Sodion tubes.................52-50@ + 53-1-33@
Dynamon oscillator........49.1-32* + 49-3-36@
Facsimile by radio..................R31-63@
Finch facsimile system..............R31-80, 32-39*
FM, early development...........R33-245@
Hazelnet, Louis, developments......R26-37@
Hertz paramatic "grosser oscillator" and resonator"..............56-4-20@
Iconoscope, Zworykin lab notes.....56-3-57@
Inventor of radio telegraphy, the "real"..............54-4-48 + 55-1-34@
Japanese radio, 1925-45..............R24-1@
Jenkins facsimile system..........R31-67@
Korn facsimile system..............R31-66
Loudspeaker, early history........R20-125@
Low B*, "search for"........53.4-15* + 51.1-7*
Loomis, invention, disqualification
Magnetic detector, 1896, de Luster-
ford.................................48-2-26@
Magnetic recording, early............52.4-53@
Magnetostriiction oscillator........R32-23
Marconi transatlantic demo, 1901.....R21-23@
Marconi vs. De Forest infringement
litigation..........................R20-31@
Maxim, Hiram........................57-2-25
McCaa, David, developments........R19-29@
Metal tubes, 75 years of.............51-3-17
Meters, development..............R28-57@
Modulation methods, AM, development
of.................................56-4-59@
Myers, and RCA infringement litigation
R26-37@
National Radio Tube Co..............R29-13@
Operation above 30 MHz............51.3-48@
Patent battle, Armstrong v. De Forest
R27-31@
Police radio in U. S., 1920-70........49-4-41@
+ 51-1-45@
Radar, British antiaircraft, WW II
R23-196@
Radio design trends, '40s portable
53.4-7 + 54-1-36@
Rayfco facsimile system.............R31-70@
Regenerative receiver, Armstrong
R3-231@, R27-35@
Single-dial tuning, dev. of........51.3-50@
Sodion - Donle tubes.................52-4-50@ + 53-1-33@
Sound movies, De Forest and.......R26-201@
Space communications, early develop-
ment.............................52-165
Submarine cables....................60-1-15@
Superheterodyne circuit, "rise and fall"
49-1-55@
Telegraphing without wires, 1882 view
50-4-23@

Telephone
Service, transcontinental, 2014 as cen-
tennial.....................................55-3-51
Technology, outside plant and station,
'60s..................................55-3-42@
Technology, switching, '60s .........55-2-55@

Television
Interviews with Paul Weimer and Ge-
orge Rose.........................47-3-62@
"Who invented?"..................51.1-37*, 51-2-28*
1933 RCA demo of electronic52-1-38@
Development, RCA, 1930s...........50-2-22@
Development, RCA, 1929-49........R26-155@
In Germany, to 1939................R24-125@
Reception in 1950s..................49-4-45@
Telstar project......................57-2-11@
Tesla, claims of radio development
R32-215@
Thermoelectric power...............R30-73@
Transistors..................R32-183@
Transatlantic SSB tests, 1924..............55-4-43@
Traveling-wave tubes ..................R32-195@

RESTORATION TECHNIQUES
 AC-DC line-cord resistors, replacing with
 capacitor ........54-1-40*, 54-2-4, 54-2-15
 Atwater Kent breadboard tags ....60-3-58@
 Audio transformers .................60-3-51@
 Alignment & neutralization, early AC &
 TRF sets .........................47-1-@
 Ammeter for restoration starting-up ..50-1-37*
 Atwater Kent bus sleeving ....60-2-42@
 Base cement, tube, dissolving ....56-3-24
 Battery radios, power for ..........54-1-59@
 Book tuning caps, adjusting ........47-1-59
 Computer-aided repro projects ....53-3-34*
 Cone speaker, rehabbing a ........47-3-55
 D-cell power ........47-4-39*, 48-2-34@
 Dial cords, slipping ..........51-3-61
 Dying, AK coils ....................51-2-41
 Electrical safety, AC-DC sets ......49-2-4
 Electrolytic caps, rebuilding ....59-2-53*
 Federal 61, making cabinet for ....52-1-56*
 Finishes, shellac ...................57-3-68@
 FM subcarrier detector, adding ....60-2-349*
 Gammatrons, comprehension ....55-2-259@
 Headbands, cleaning ...............47-4-53
 Heater-cathode leakage ...........48-3-49*
 IF transformer, "plays only upside down"
 49-4-59
 IF transformer, silver-migration, fixed
 48-4-32
 Lacquer, formulating ...............49-3-28@
 Mica capacitors, leaky ..........49-3-35
 Novelty transistor radio ............56-6-52*
 Painted metal and other hard surfaces
 48-1-24*
 Panels, phenolic, fixing ..........51-3-61
 Philco cabinet, three-tone, restoring
 49-3-FC, 49-3-54*
 Plastic cracks, treating ..........47-3-55
 Polishing techniques ...............47-2-63
 Portable work surface ................48-2-58
 Pot metal Fixing ........51-2-41
 Replacing by 3-D printing ....57-1-36
 Speaker frame, reconstructing ....49-2-54
 Power supply, filament, regulated..53-4-54@
 Power supply, A-B-C ............49-4-11@
 Power transformer, odd problem ..48-2-48
 Rehabilitation, when not to rehab ...57-1-38*
 RCA AR-812, reconstructing ....56-4-55@.
 Rust removal ......................48-4-31, 49-3-28
 Safety, electrical (oscilloscopes, battery
 chargers) .........................54-2-14*
 Scott AW-12 transformers ....57-4-44*
 Selenium rectifiers, replacing ....48-1-26*
 Shellack-stick cabinet repair ....51-2-41
 Sockets, Radiola III-family, replacing sup-
 port straps 55-4-52@
 Solder residue, removal ...........48-4-31
 Soldered joints, aging ..........48-2-58
 Soldering radio, SO-80................R30-98@
 Speaker tester, "swampout" ....49-1-36*
 Substituting tubes in receivers ....47-2-30*
 Superhet alignment, "how & why"....58-2-43*
 Surface protection while soldering ....48-2-58
 Tool, making special restoration ....47-2-62
 Tools, clockmakers', handy for radio ....47-1-59
 Tracking, correcting ................47-2-62
 Transformers
 Power, IF, RF, audio; reparing ....52-3-45*
 AK breadboard .....................51-3-61
 Audio, rewinding ..........53-2-55@
 Audio, bobbin for rewinding ....58-2-44*
 Transistor radios, repairing ........56-3-52@
 Tube bases, "Gorilla Glue" for replacing
 48-1-6
 Tubes, rebasing for Rophene ....48-1-61@
 Tubes, testing power ................51-2-14@
 "Unsticking" small threaded parts ....49-2-53
 Vibrator substitute, solid-state ....49-4-38*
 "Watchmaker's wash-out" brushes ....47-4-53
 Zenith Royal 500 ..................56-4-53@
 Zenith 12H670, difficult trouble in 47-2-48*
 +1
 47-3-5
 Zenith, troubles in '30s sets ........49-4-58
